

Travel group

Leader Anne Brereton

I have just returned from a short break to the Christmas markets in Valkenburg. We also went to Monschau and Aachen. I was joined on the trip by two other u3a members of the travel group. We had some snow on our visit to Monschau but mostly dry weather and drizzle. We had plenty of rain over the few days which didn't dampen our spirits and we had good times at the markets and the Valkenburg caves which for me were spectacular.

Any travel group member is welcome to join us if it's something they would like to go to. I will let the group know any booking I make and would encourage any member of the travel group to do the same by letting me know. Here are a few pictures of the trip.
